## SUMMARY

Results-driven and detail-oriented Web Developer with expertise in building responsive and scalable web applications. Proficient in modern front-end and back-end technologies, including **React.js**, **Node.js**, and **MongoDB**. Experienced in **RESTful API development**, **cross-browser compatibility**, **responsive UI design**, and **performance optimization**. Adept at working in Agile environments, collaborating with cross-functional teams, and delivering high-quality, user-focused solutions.

## EDUCATION

- **Bachelor of Technology in Computer Science**, Maulana Abul Kalam Azad University

## SKILLS

**Frontend:** HTML, CSS, JavaScript, React.js, Redux, Tailwind CSS, Bootstrap

**Backend:** Node.js, Express.js, MongoDB, MySQL, Python

**Tools & Others:** Git, GitHub, Vercel, Agile/Scrum, RESTful APIs, SEO Optimization

## WORK EXPERIENCE

**Full Stack Developer Intern**

Oct 2024 – Mar 2025

Social AdVenture

- Designed and developed responsive main pages for **Quality Vision** using HTML, CSS, and JavaScript, React improving load speed by **20%**.
- Built and optimized **Retailpedia's UI** for better navigation, accessibility, and user engagement.
- Integrated **REST APIs** to fetch and display real-time data, ensuring seamless backend-to-frontend communication.
- Enhanced cross-browser compatibility and mobile responsiveness across multiple devices.
- Collaborated in an Agile environment, participating in sprint planning, stand-ups, and code reviews.

## PROJECTS

**Flight Tracker Web App**

[Visit Website](#)

Developed using React.js, Redux, and Tailwind CSS with third-party API integration for live flight status. Implemented search functionality, multi-language support, and performance optimization for faster rendering.

**Personal Portfolio Website**

[Visit Website](#)

Created with React.js and Tailwind CSS to showcase skills, education, and projects. Fully responsive, SEO-optimized, and deployed via GitHub Pages.

## ADDITIONAL INFORMATION

**Languages:** English, Hindi

**Hobbies:** UI/UX design, Competitive coding, Exploring new technologies
